# 6” LED Downlight Retrofit
Can & Trim

## General Description

The 6” LED Downlight Retrofit Can & Trim kit provides 900 lumens with a 4000K CCT and is dimmable. LED 6” is designed to maximize energy savings and minimize maintenance costs over its operational life span. The LED Downlight can last up to 32 years of operational use based on 3 hours/day. At 13W EnergyStar Certified the estimated yearly energy cost is $1.57 based on 3hrs./day $0.11 /kWh. *(Cost depends on rates and use).* The 6” comes with a quick connect screw Edison base adaptor for easy installation. A cost-effective replacement for incandescent fixtures.

## Applications

Replacement existing Downlight Can and Trim for home and office.
