You probably do not find it too surprising when I say that **the legacy media is in league with the globalists** to be a propaganda organization to cover globalist intended goals of destroying American sovereignty so as to subvert inalienable rights and cast us into a feudalistic slavery.

This is not a new situation. It has been going on for some time. To get an idea of the scope of the issue and how long this has been coming, check out this video: [Behind The Big News: Propaganda And The CFR \(youtube.com\)](#)

Here in Michigan today we see regular instances of biased reporting and few could be more outrageously fraudulent than Craig Mauger. It should be understood that Mauger is not a stupid man. He understands that to climb the ladder of legacy media and pull himself out a third-rate newspaper like Detroit Free Press and get himself a job in a more high profile position, he needs to be audacious in his lies.

Let me give you two specific examples of biased fraud.

Hoaxtra henchman Warran Carpenter is a long time drunk that served prison time for things he did while drunk. As of this moment, he still has an active arrest warrant from his home state of California.

This page allows you to search by name, for active warrants in Orange County California. If you believe you have identified someone that has an active warrant, immediately call your local law enforcement agency.

Despite full knowledge of all of these interesting facts, Craig Mauger used Warran Carpenter as his chief source of information to blast Kristina Karamo with headlines like:

In all of these cases Mauger had specific knowledge that his “witness” was severely compromised but actively hid that fact and referred to him as a “businessman.” The reality is that Carpenter is as much a “businessman” as a hooker is a “missionary.” Yet Mauger continually ran down Kristina Karamo and her administration at every pass without taking even minimal steps to verify the information with credible sources.

Our second example is more recent. The Michigan Gop Red PAC event that Hoaxtra help in Grand Rapids was a dismal failure in terms of attendance. It was the lowest attended convention of its type in recorded history. There were more people gathered in a few local congressional district meetings than the entirety of the Grand Rapids PAC meeting from the state combined.

But Mauger needed to be an apologist for Hoaxtra and build up the interest to make him seem more legitimate. Mauger knows that Hoaxtra is a globalist tool and he appreciates that shilling for him will earn him the brownie points he needs to get out of the provincial wasteland (in terms of legacy media) and make it big. Accordingly, we see him respond to my exposure of the truth with lies to bolster Pete.

One of the most misleading tweets I've ever seen.

Hundreds, possibly thousands, of delegates were here.

More reporters than delegates gather at the Michigan Gop Red PAC event in GR.

Yea. Place was packed!

Mauger hopes you do not pay attention to the facts as his fellow media members exposed him as a liar (probably by accident). See for example:

Simon D. Schuster
@Simon_Schuster

In the room: Rep. Matt Hall, Sen. Aric Nesbitt, Matt DePerno and a lot of empty seats.

Simon D. Schuster @Simon_Schu... · 44m

Here's the turnout in the 4th district convention at the MIGOP caucus in the Amway Grand. Another group from the 4th district is having their own convention in Battle Creek today.

A lot of empty seats indeed! **That was the story of the Grand Rapids event, a lot of empty seats.**

One of the few people that did show was none other than former MIGOP executive director **Paul Cordes**.

On behalf of MIGOP, Paul Cordes signed a \$3 Million dollar debt with CO-America of which \$900,000 was outstanding. **This resulted in MIGOP being hundreds of thousands of dollars in debt on Day 1 of Kristina's administration.**

The most shocking aspect of this is that the note signed by Paul was authorized by a fake resolution of the state committee. The document was signed by the officers but had no signature of the Secretary and was not the result of a state committee meeting as it declared on its face. This debt was also supported by a negative pledge of the MIGOP building.

Per Paul Cordes, the computer server with all financial and fundraising records was the private property of a former chair who said Karamo could not have access because the party did not own its data it was in a trust and Karamo was not permitted access.

After Co-America brought a collection case against MIGOP, we also learned that the Michigan Republican party was the ransacked by the prior administration who put the building and any asset of value out of reach from anyone that would take over the part for Pro-American causes.

In summation, Paul Cordes was the primary person responsible to make sure that when Kristina Karamo took over, she would get nothing but a smoldering hole in the ground.

Many still on State Central Committee can recall participating in official state committee phone call meetings run by the prior administration in which the state committee voted by telephone in a virtual meeting—not Zoom. Multiple people reported that it worked like this: Votes were taken by pushing buttons on the phone keypad 1 for yes, 2 for no, and 3 to abstain.

During the administration transition, Dan Hartman asked Paul how the phone voting system worked exactly. **Paul Cordes laughed in his face and said there is no system and never was, the committee just pushed buttons and the Weiser team just made up the results of the votes taken.** Paul thought it was funny that the state committee members were gullible and trusting that their vote mattered.

During such time as the appeal runs, not one penny should go to MIGOP nor one moment of your time. It should be considered as a lepper camp to be shunned and avoided.

There is however much to do and being organized as a team not under the thumb of Hoaxtra is important. Accordingly, consider if you agree

with these principles:

We believe the American system of government, a constitutional Republic, is the finest ever developed by man.

We believe the traditional moral values of our Judeo-Christian heritage form the cornerstone of western civilization and that the family is the most vital unit of society.

We believe the free market system, competitive capitalism, and private enterprise afford the widest opportunity and highest standard of living for all.

We believe in the dignity of the individual. We welcome people from all ethnic racial and religious backgrounds judging others only by character and ability - as we wish to be judged ourselves - our common bond is a love for liberty and our rejection of totalitarianism under any label.

We believe that individual rights are endowed by our creator, not government; that the government's function should be limited to protecting our right to life, liberty, and property; and that individual rights are inseparably linked to individual responsibility.

If you agree with the above concepts, you are a "Bircher" so lets get organized in local chapters of the John Birch Society to start impacting your community.
