

Velvet Ironing Boards

Designed to iron velvet. These velvet wire boards allow you to iron velvet without flattening the pile.

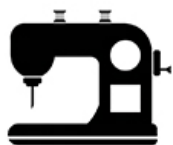

A needle board prevents the pile of velvet or velveteen from being crushed during the ironing process. The needle board is covered in tiny stainless steel crooked pins approximately 1/4" high which burrow into the velvet pile and help retain the pile.

Part #	Sizes
NB513626	5" x 13" (Shown)
NB513627	6" x 24"

Also available by special order:

NB513628	8" x 36"
NB513640	16" x 48"
