

# Titan

Eliminate errors, empower your technicians, boost your profits

Titan increases shop efficiency and revenue by streamlining parts delivery, allowing technicians to work **faster and smarter**.

## OUR ADVANTAGES

### Boost revenue

Reduce bay turnaround time and get more cars serviced per day.

### Save on labor costs

Titan is a dependable and tireless worker, reducing reliance on human runners.

### Reduce errors

Eliminate miscommunication and delays in parts delivery.

### Easy to implement

Get up and running with Titan in just one day.

### Dependable output, all day

Rest easy knowing that Titan will deliver a baseline level of productivity that you can rely on all day.

### Better customer experience

Faster bay turnaround times ultimately lead to an increase in customer satisfaction.

## MULTIPLE FUNCTIONS

### TIRE RACK ATTACHMENT

Used to deliver car tires and other large objects.

### SHELF ATTACHMENT

Used to deliver small parts and tools.
