To Whom It May Concern,

My name is Jesse Luke, and I would like to introduce myself to you as an entertainer, specializing in entertainment for Seniors. I am currently booking "The Jesse Luke Show," featuring music, magic, humor, & video thru the next year. I am also available for elegant dinner music, family events, background party music, roaming magic, and themed parties.

I am an experienced entertainer with over 35 years of professional performance experience. I am very comfortable working with all levels of residents, having over 25 years of experience performing in long-term care, rehabilitation, independent and assisted living facilities, as well as adult day care and hospital environments. I provide a new show each month that involves a wide variety of piano music, humor and magical interaction that your residents are sure to enjoy. The piano music provides a unique combination of instrumental, nostalgic, classical, Broadway, popular, culturally ethnic and swing music that allows older and younger residents alike to reminisce while enjoying a high-caliber energetic performance. I intersperse fun and intellectually respectful magic tricks, depending on the response of each crowd, that includes a variety of visual stimuli. I am also available to perform magic room to room, engaging lower-functioning and less social residents.

My background further includes 4 years with the United States Army band, where I traveled from Chicago to Korea to DC performing swing, big band, and orchestral pieces. During this time, one of my duties was to entertain leaders and heads of state from around the world who were visiting our country and the United Nations compound in Seoul, Korea. I received classical training with Florence Place, a retired professor from The Juilliard School of Music. I have also trained with members of the Chicago symphony in both conducting and orchestral percussion. Among other awards and accolades, I was awarded the coveted "Gold Cup" from the National Federation of American Music Clubs, receiving their rarely-awarded "Superior Plus" rating in solo piano performance. I receive continual training in music therapy, with a special emphasis on mature audiences. As a magician, I offer over 5 years of professional experience. I enjoyed a three-year apprenticeship with the late New York City magician Bill Turbin, "The Great Turbino."

Thank you very much for your time. I have enclosed a list of references. Please contact me regarding booking & pricing information at (413) 348-3666. I look forward to hearing from you soon.

Sincerely,

Jesse Luke
