Today, we look at the beauty of REPENTANCE!

Repentance is not a "do-over"; **repentance** is a **"do it His way!"**

The beauty of repentance is that God wants us to do it His way, more than we could ever want to do it His way!

He has invested more in our Salvation than we could ever invest in our salvation. He has given us His all by giving us Jesus Christ, telling us all we need to know about the Father's love.

Coming out of this pandemic, I wondered if the church of Jesus Christ had lost its mind. Trumpism, Christians were choosing sides in politics, ethnic and political division in the Body.

We may never hear those who espoused such foolish theories about COVID, Mask Wearing, Vaccinations, The Black Church, The White Church repent, but I bet we all did. If you're a Christian, you must repent.

We may never know if anyone repented, but one thing we know; Christians repent.

None of us really knows who the right candidate is; we trust God to work through King Saul's and King David's. But the Holy Spirit calls upon the Christian to repent.

Christians repent in private or public. No Christian willingly sows seeds of discord and division in the workplace, home, or church. The Holy Spirit is the voice of God; He calls each of us to repentance.

Christians repent. The Holy Spirit may be speaking to some of you right now; if so, that's a good thing. Remember, Christians repent.

Lord, please forgive us today for all the sins we have committed. Sins of omission (not doing what we should) or sins of commission (doing what we know we shouldn't do). We need your forgiveness today and every day. That's not bondage; that's the beauty of a loving Father that wants to commune with us each day. So, He has given us this wonderful opportunity to say, "I repent, please forgive me, for I have sinned." Thank you, Father, and we receive your forgiveness right now! In Jesus Name, Amen.
