

WEDDINGS & *Social Events*

Together we create unforgettable moments!

QUANTITY, TIMING AND INTENSITY

Before choosing a package of aerial fireworks it is important that you know that the amount of effects distributed in certain time determines the intensity of the display.

The shorter the time, the greater the intensity because the effects are detonated faster one from another.

QUANTITY OF EFFECTS	DISPLAY IN MINUTES					PRICE
	1:00	2:00	3:00	4:00	5:00	
						\$\$\$\$\$
						\$\$\$
						\$\$
						\$

This is a safe activity when is operated by professionals.

For safety is not allowed to use fireworks under fabrics, huts or any burning materials.

Only our staff can decide launching points in agreement with the authorities.

We reserve the right to suspend, postpone or cancel fireworks launching if safety or weather conditions are not favorable.

FLY ME TO THE MOON

Create a very special night with any of these great options with the special added value of a PYRO MUSICAL SHOW where the Fireworks will be synchronized with the music or song of your choice, making a beautiful and unforgettable visual effect for all your guests.

AUGMENTED REALITY PHOTOBOOTH

A special occasion deserves a special event experience with a state of art technology: your wedding, anniversary, birthdays, just for fun, etc.

Video link https://www.youtube.com/watch?v=rUM_uN-oyNs

The guest stands in front of the open-air photo booth and then view themselves appears on a large monitor. Instantly, random 3D props are loaded onto the screen and the guest is able to move and interact with them as if they are real! The guest is able to switch the random props by raising their right hand above their head and open it.

Like magic hand gestures will make the booth operate without touching anything!

Once the guests are ready to take their photo, they pull down the virtual gesture slider and 3..2..1.. snap! A memorable augmented reality photo is printed and handed to the guests.

We are also utilizing a new technology that allows us to remove the backdrop without the need of a green screen backdrop. Guests can find themselves anywhere in the world or space with virtual props on them! Using cool photo backdrops or even video.
