

PMS Color Chart

Colors Used For Printing: Most suppliers stock 15 to 20 of the most popular standard colors used for printing on promotional products. If your artwork uses a color different than one of the stock colors the PMS color chart below can be used to select your exact color(s). Most but not all suppliers charge a fee to match the colors for you. This chart is intended as a reference guide only. Computer monitors may not match industry identified color standards exactly.
