Friends for Fun, Safety and Knowledge

This is the fourth part of our motto discussion, Knowledge,

I bet you couldn't wait for this one, the last part of the Friends for Fun, Safety and Knowledge. What, you don't know Jack? Well, we sure do. Throughout our years of being in GWRRA we have taken more classes than I can remember. The saying goes... "We the unknowing, led by the unwilling, are doing the impossible for the ungrateful. We have done so much for so long with so little; we are qualified to do anything with nothing!" I think our trainers sometimes feel this way. LOL! I have truly enjoyed the classes I have attended during our years in GWRRA. We have seminars on about any topic imaginable over the years. And try as I might, I still learn something in almost every class I attend. I may have had the material presented to me by more than one trainer but almost invariably someone will make a comment or statement that opens up new avenues to explore.

With Wing Ding coming up we will have the opportunity to participate in classes with new instructors that we don't get the opportunity to see and attend their classes. And let me tell you there are top notch instructors in GWRRA and Wing Ding is where they shine. So please take the opportunity to partake of the knowledge they have prepared to present. And don't sit there like a knot on a log, participate, ask questions for clarity. Make points or give scenarios that you have experienced that are relative to the topics being presented.

Heaven knows I might be there and learn something. And if you aren't learning you know what you are.....

Be Safe, have Fun!
